TO WHOM IT MAY CONCERN

Subject: Recommendation for Shubhra Chaturvedi and Vibhor Taneja

This note is on behalf of Delhi Metro Rail Corporation (DMRC), to appreciate artists Shubhra Chaturvedi and Vibhor Taneja for their Art work Installations for DMRC's Central Secretariat Metro Station.

In April 2010, DMRC invited the above artists to present art concepts that can be executed at the Central Secretariat Metro station. Based on the presentation, 2 art concepts were selected and the artists were commissioned work via work order: DMRC/12/Dy.CA-IV/243/1063, to execute the same.

The artworks cover a total area of 224 sq ft and were installed at the platform and the concourse level. About the works:

"**You are here...**" takes inspiration from the Delhi Metro network map and interprets it in a futuristic manner using mirror giving the viewer a feeling of being at various places all at once. It truly depicts the luxury that Delhi Metro has provided the daily commuter with- that is speed. As the mirrors catch reflections from various angles the viewer, while waiting in transit, is engaged in a manner as if he were in a time travel adventure.

"**Illusion...**" offers a sweet surprise for the un-expecting commuter introducing him to the illusion of a world beyond. Placed at the entry points, corners, this installation can act as a refreshing break from mundane spaces of the underground world. Inspired by the Mughal Architecture, it also shows the glimpse of Delhi's rich culture.

Through this letter I wish to express that we are satisfied with the due diligence, commitment and an eye for quality that was demonstrated by the artists when executing the work assigned to them. We are pleased with the overall outcome and would recommend their work to anyone who wishes to associate with them.

We wish Shubhra Chaturvedi and Vibhor Taneja all the best for their future assignments.

(Tripta Khurana)
